ADVISORY

Management is responsible for the accompanying financial statements of the business-type activities of the Collin Central Appraisal District (the "District") as of April 30, 2025 and for the one and four months ended April 30, 2025, which collectively comprise the District's basic financial statements as listed in the table of contents, in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. We do not express an opinion, a conclusion, nor provide any assurance on these financial statements.

Management has elected to omit the government-wide financial statements, substantially all the disclosures, and the statements of cash flows required by accounting principles generally accepted in the United States of America. If the omitted government-wide financial statements, disclosures, and the statement of cash flows were included in the financial statements, they might influence the user's conclusions about the District's financial position, results of operations, and cash flows. Accordingly, the financial statements are not designed for those who are not informed about such matters.

Management has omitted the discussion and analysis, schedule of changes in net pension liability and related ratios, and schedule of contributions that the Governmental Accounting Standards Board requires to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

RE: Changes to Board of Directors Policy #101 for adding agenda items

At the regular Board of Directors meeting on April 24, 2025, the Board posed the question of adding additional items to the publicly required agenda for both regular and special meetings.

After researching this issue at length via the various codes that govern public meetings and the appraisal district, we would recommend the attached policy changes for your consideration. Below are some of the various references that we found to help better understand the process and how we developed the policy. We want to maintain the current method that has been in place for multiple decades which has worked very well for both the Board of Directors and the District.

The Texas Property Tax Code (TPTC) outlines the requirements for a Board of Directors meetings:

Section 6.04 ORGANIZATION, MEETINGS, AND COMPENSATION. (b): The board may meet at any time at the call of the chairman or as provided by board rule, but may not meet less often than once each calendar quarter.

This requirement is met by your Board Policy #101: Board of Directors Monthly Meetings:

"It is the policy of the Board of Directors of the Collin Central Appraisal District that the Board will meet in regular session at least eight (8) times per year in a public meeting. In accordance with Section 6.04(b) of the Property Tax Code, the Board will schedule meetings in such a manner to meet at least once per calendar quarter. The meetings shall be designated at the beginning of each calendar year and so posted as scheduled Board meetings. The Board of Directors may hold additional regular, or special, Board meetings at the call of the Chairman of the Board of Directors as needed by properly posting the regular or special meeting in accordance with the Open Meetings Act. The Board of Directors shall suspend regular Board meetings for the months of July and November each year."

Additionally, Policy #101 goes on to state:

"The administrative duty of posting open meeting notices, including the agenda for Board meetings and public hearings and the delivery of written notices to the presiding officer of the governing body of each taxing entity participating in the district of the date, time, and place for the public hearings and Board meetings, has been delegated by the Board, with consent of the Board Secretary to relinquish such duty, to the Chief Appraiser."

As Policy #101 refers to the Open Meetings Act, we would direct your attention to two different sections of Texas Government Code, Subtitle A. Open Government, Chapter 551. Open Meetings:

Section 551.041. NOTICE OF MEETING REQUIRED. A governmental body shall give written notice of the date, hour, place, and subject of each meeting held by the governmental body.

Section 551.043. TIME AND ACCESSIBILITY OF NOTICE; GENERAL RULE. (a) The notice of a meeting of a governmental body must be posted in a place readily accessible to the general public at all times for at least 72 hours before the scheduled time of the meeting, except as provided by Sections 551.044-551.046.

Both of these requirements are met for each meeting:

- Collin CAD sends a copy of the agenda to the Collin County Clerk's office for a date and time stamp at least one week prior to the scheduled meeting. The County Clerk posts a copy of the agenda to their public notices.
- 2. A copy of the County Clerk stamped agenda is posted the same day it is returned, to our public lobby digital displays in the main entrance as well as inside the main entrance vestibule which is visible from the outside even when the building is closed.

While the minimum requirement set forth by the Government Code is for the agenda to be published not less than 72 hours prior to the meeting, the chief appraiser and staff need as much time as possible to research any potential agenda items, and prepare the necessary documents that could correspond with the item. We strive to provide the agenda and complete Board packet to the Board Members no less than one week prior to the next scheduled meeting so you have ample time to review the packet and prepare for the meeting.

As you will see in reading the added language in Policy #101, we would recommend to the Board that agenda items be proposed during open session of your meetings for the consideration of the full Board, and require a majority vote in favor of adding the agenda item. If the agenda item is voted favorably by the Board, the Chief Appraiser will be assigned the task of researching the item and based on the complexity, use their discretion to determine when the item will be included on an upcoming agenda.

POLICY NUMBER: 101

POLICY NAME: BOARD OF DIRECTORS MONTHLY MEETINGS

It is the policy of the Board of Directors of the Collin Central Appraisal District that the Board will meet in regular session at least eight (8) times per year in a public meeting. In accordance with Section 6.04(b) of the Property Tax Code, the Board will schedule meetings in such a manner to meet at least once per calendar quarter. The meetings shall be designated at the beginning of each calendar year and so posted as scheduled Board meetings. The Board of Directors may hold additional regular, or special, Board meetings at the call of the Chairman of the Board of Directors as needed by properly posting the regular or special meeting in accordance with the Open Meetings Act. The Board of Directors shall suspend regular Board meetings for the months of July and November each year.

Open Meetings and Public Hearing Notices

The administrative duty of posting open meeting notices, including the agenda for Board meetings and public hearings and the delivery of written notices to the presiding officer of the governing body of each taxing entity participating in the district of the date, time, and place for the public hearings and Board meetings, has been delegated by the Board, with consent of the Board Secretary to relinquish such duty, to the Chief Appraiser.

Agenda Items Added at Board Member Request

Board of Directors Members can request an agenda item be added to an upcoming meeting agenda by recommending the item in open session of a meeting for consideration by the full Board. After discussion, the Board will vote and require a majority in favor of the item for it to be added to an upcoming meeting. The Board hereby delegates to the Chief Appraiser the task of researching the item and determining when the item will be added to a future agenda based on the complexity of the agenda item.

RE: Discuss and vote on bank depository contract

Per the Texas Property Tax Code (TPTC) Section 6.09 (c) the Collin Central Appraisal District (CCAD) is required to contract with a bank depository every two years:

(c) The board shall solicit bids to be designated as depository for the district. The depository when designated shall serve for a term of two years and until its successor is designated and has qualified. The board and the depository may agree to extend a depository contract for one additional two-year period.

As you can see from reading this section, there is verbiage that states we can sign a two-year extension with the same depository. We come today asking for permission to sign that extension with Texas Capital Bank.

As a form of background, during the June 22, 2023 regular meeting, this Board voted to authorize CCAD to sign a contract based on the proposals received during our request for proposal (RPF) process in finding a new depository that was facilitated by our financial consultants, Valley View Consulting, LLC (VVC). We had twelve (12) banks that responded to the RFP and with the help of VVC we were able to narrow it down to just two clear front runners: Independent Bank and Texas Capital Bank. The Board voted to sign the agreement with Independent Bank that started on September 1, 2023 and expires on August 31, 2025. CCAD staff began the process of creating the accounts and moving our financial assets over to Independent Bank.

Just weeks after the contract with Independent Bank was signed, there were significant personnel changes that included who we believed was our direct contact. We discussed this with VVC and at their recommendation we brought to the Board a request for a secondary depository at the August 31, 2023 special meeting. This was done as a safeguard due to the impending changes that we were not privy to at the time we signed with Independent Bank.

We have now had almost two years with both banks running side-by-side and we are coming to the point where a decision needs to be made for the next two-year cycle. It is the request of CCAD staff that we terminate the contract with Independent Bank and sign the two-year extension with Texas Capital Bank. Independent Bank was sold to SouthState Bank out of Florida in a transaction that was announced in May 2024 and finalized in early 2025. We have had discussions with our contacts from Independent Bank, and they have informed us that the contract extension would not be at the same interest percentage level on the money market account that we currently have agreed to, and that along with other factors, not the least of which is the customer service, have led us to the decision to terminate that contract when it expires on August 31, 2025. We will execute the termination clause

and formally notify SouthState/Independent Bank of our intention to end the agreement with them by the 90-day deadline which would be May 31, 2025.

TPTC Section 6.09 (b) states:

The appraisal district board of directors shall designate as the district depository the financial institution or institutions that offer the most favorable terms and conditions for the handling of the district's funds.

Neither we, nor VVC, believe that continuing with what is now SouthState Bank would garner "the most favorable terms" as mandated by the legislature.

We further request that this Board authorize CCAD to contact Texas Capital Bank for an updated contract that will begin on September 1, 2025 and show their continued interest percentages as we have discussed with them for the future. In the original contract which is attached, you will find that Texas Capital Bank would agree to the Fed Funds rate less 0.10%. We had informal discussions with Texas Capital Bank not long after the contract had started in 2023 and they have been using the Fed Fund rate as quoted without the reduction. Recently, they have further stated recently that they will continue this policy if we sign the two-year extension.

It is our belief that in order to satisfy the requirements of the TPTC and make the best use of the taxpayer dollars we are entrusted with, that our best option is to terminate with SouthState Bank and sign the two-year extension with Texas Capital Bank.

The Bank shall be entitled to income on securities held by the Custodian, and the Custodian may dispose of such income as directed by the Bank without approval of the District.

If surety bonds or letters of credit are utilized, the District shall agree as to the issuer and form of contract prior to pledge. The amount of surety bonds or letters of credit will be at least equal to the minimum required amount as per the District's Investment Policy.

- 11. <u>Sale of Seized Collateral</u>. Any sale of such seized collateral, or any part thereof, made by the District hereunder may be either at public or private sale, provided however, it shall give both the Custodian and the Bank two (2) hours' prior written notice of the time and place where such sale shall take place, and such sale shall be to the highest bidder therefore for cash. The District and the Bank shall have the right to bid at such sale.
- 12. Release of Collateral. When the relationship of the District and the Bank shall have ceased and when the Bank shall have properly paid out all deposits of the District, it shall be the duty of the District to give the Custodian notice to that effect; whereupon the Custodian shall, with the approval of the District, redeliver to the Bank all collateral then in its possession belonging to Bank. An order in writing to the Custodian by the District and a receipt for such collateral by the Bank shall be a full and final release of the Custodian of all duties and obligations undertaken by it by virtue of these presents.

F.4. Discuss and vote on changing the Board of Directors meeting time.

May 22, 2025

Collin Central Appraisal District

May 22, 2025

TO: Board of Directors

FROM: Marty Wright, Chief Appraiser

RE: Board of Directors Meeting Start Time

As chief appraiser I would encourage us keeping the start time of 7 a.m. or possibly moving up to 8 a.m. and keeping the day of the week on Thursday to follow the previously adopted Reappraisal Plan for 2025-2026 that shows all Board meetings are on Thursday. The reasoning on the start time is our current board room is used for hearing panel rooms 3 & 4 during protest season, as well as for weekly supplemental hearings held every month. An early morning start time would only be a short interruption if hearings are held that day. For mid-day board meetings, the breaking down of hearing panel rooms to a board room would cause a reduction of ARB panels at a peak time, and also the shuffling of equipment, ARB staff and taxpayers. As for evening board meetings, there could possibly need to be a change of staff due to some staff members having after-work obligations such as child care and other things.

For your reference, listed below are 24 other appraisal districts' Board of Director's meeting times and days of the week.

Collin Central Appraisal District

POLICY NUMBER: 1007

POLICY NAME: Retirement System Management, Qualified 415

Replacement Benefit Arrangement & Retiree COLA

Implementation

It is the policy of the Collin Central Appraisal District ("CCAD", "District") to annually review the District's financial ability to provide a COLA to retirees through the Texas County District Retirement System ("TCDRS").

The Board of Directors will review data and receive a recommendation from the Chief Appraiser, during the budget process-each year, regarding whether a retiree COLA should be given in the following calendar year.

It must be acknowledged and understood that the funding of a retiree COLA is solely at the expense of the District. Active employees save toward their fixed retirement annuity, but active employees do not contribute to their future retiree COLA. It must be acknowledged and understood that any 415 Replacement Benefit Arrangement must be of no extra cost to the District, when balanced with the contributions made by the District to TCDRS, on behalf of affected retirees.

It must be clearly understood that the Board of Directors, at its sole discretion, even if all of the performance guidelines set forth below are met, may choose to limit or eliminate the COLA for any year(s).

<u>INTENT</u>

This policy is intended to provide instruction and guidance to the District. It establishes the business rules for governing the process of providing a periodic cost-of-living adjustment (COLA) to the District's retirees and for creating a 415 Replacement Benefit Arrangement with TCDRS that is neutral in cost to the District, while providing for payment to retirees for the difference in Unrestricted and Restricted Benefits, as calculated by TCDRS under the adopted Qualified Replacement Benefit Arrangement. Proper management of the retiree COLA and § 415 is of utmost importance to stabilize the ongoing cost to the District and to provide for our retirees.

GOAL

The goal is to provide for our retirees with a periodic COLA to help offset a portion of the effects of inflation on a retiree's future purchasing power, without creating an unsustainable future liability for the District. The baseline goal will be to offset 50% of the effects of inflation by implementing periodic 50% CPI COLAS on a schedule that properly aligns with GASB68. The goal of the 415 Replacement Benefit Arrangement is to provide for retirees by ensuring that the retiree receives 100% of their calculated TCDRS retirement benefit.

UNDERSTANDING COST OF LIVING ADJUSTMENTS

TWO TYPES OF COLAS

CPI-based COLA

- A retiree's benefit payments increase by a percentage based on the increase in the Consumer Price Index for All Urban Consumers (CPI-U). A CPI-based COLA is based on the retiree's original benefit payment amount and how much inflation has occurred since they started receiving the benefit.
 - The District has the option to establish 100% CPI, or a lower percentage, based on budget and policy constraints.
 - This policy of the board of directors establishes a maximum of 50% CPI.

Flat-rate COLA

- Benefit payments increase by a percentage you choose within the limit set by the TCDRS Board of Trustees each year. All your retirees get the same percentage increase. However, a flat-rate COLA may not adequately address a retiree's loss of buying power.
 - The flat rate increase is applied to a retiree's current benefit payment but does not look back at inflation.
 - This policy of the board of directors establishes a maximum flat-rate COLA of 3.00%.

COLAS IMPACT ON EMPLOYER CONTRIBUTION RATES:

- Unless contributions are made in advance of granting a COLA, the cost of a COLA is spread across the next 15 years.
 - This will create a "stairstep" add-on where the next round of COLA starts a new 15 year period.
- > The District's Budget and this Policy call for payments in advance of granting a COLA to eliminate or greatly decrease the "stairstep" effect on future employer contribution rates.

PERFORMANCE GUIDELINES

- One or both of the following investment performance tests must be met before a flat-rate or CPI COLA can be considered for the entire 3 year or longer period.
 - a. The 7.50% annualized investment return target was met for three of the four years immediately preceding the COLA year.

OR

- b. The average annualized investment return over the four years immediately preceding the COLA year was >= 7.50%.
- 2. If the average annualized investment return over the four years immediately preceding the COLA year was <7.50%, the flat-rate or CPI COLA will be factored down to account for missing the investment target. If none of the years in the period meet the investment target, a COLA cannot be given.
 - a. Refer to Addendums 3 and 4 to see how the factor will be calculated.
- The CCAD current year budget must have funds to contribute to TCDRS during the current year to help offset the future effects the granting of a retiree COLA will have on UAAL.
- 4. The District's current employees, based on the current budget, are eligible to receive performance reviews with wage/salary increases that would begin in the same year the retiree COLA would apply. If current employees' wages/salaries are frozen across the general employee population, retirees will not be eligible for a COLA.

 If for any reason the Board of Directors determines that a retiree COLA is not feasible or is not financially prudent, even if the Performance Guidelines are met, a retiree COLA will not be given for the year(s) under review.

COLA IMPLEMENTATION GUIDELINES

- 6. A COLA will not be given more than once in a three-year period and cannot be given twice in a four-year period or three times in a six-year period. This schedule will keep the District from receiving the label of "repeating COLA District" under GASB68, which is very important in the calculation of the District's pension liability under GASB 68.
- 7. At least once every three years, during the annual budget process, the chief appraiser will request a cost estimate from TCDRS to grant a 50% CPI COLA. The information is to be utilized in projecting the appropriate amount for the "Retirement, Unfunded Liability & Retiree COLA Funding" line item in the Proposed Budget.
- 8. The Board of Directors, at their sole discretion, will first determine if a COLA should be granted and whether the COLA will be based on CPI or a flat-rate.
 - a. If TCDRS investments during the preceeding 4 year period averages at least 7.50%, and the District meets the requirement of an average of \$275,000 budgeted for COLA and UAAL offset, and the District's "Funded Ratio" percentage calculation based on the TCDRS Plan Customizer is at least 90%, the Board of Directors will give preference to a 50% CPI COLA versus a flat-rate COLA.
- 9. The Board of Directors, based on information provided by the chief appraiser, will utilize inflation data from the Urban Consumer Price Index (CPI-U) and/or TCDRS to determine the appropriate level of flat-rate or CPI COLA if a retiree COLA is approved by the Board of Directors.
 - a. In a year where a retiree COLA is possible under the guidelines of this Policy, the chief appraiser will compile a report of annual inflation utilizing the year-over-year change in CPI-U. The report will be in the following format.

TCDRS INVESTMENT PERFORMANCE YEAR	TCDRS INVESTMENT <7.50% is Did not Meet. 7.50% is Met. >7.50% is Exceeded Target	CALCULATED INFLATION RATE	BUDGET YEAR IMPACTED
1 ST Investment Year	Investment Return %	% Rate	2 Years after investment year
2 nd Investment Year	Investment Return %	% Rate	2 Years after investment year
3 rd Investment Year	Investment Return %	% Rate	2 Years after investment year
Additional investment years, as appropriate for period under consideration	Investment Return %	% Rate	2 years after investment year

- 10. The Board of Directors will determine the flat-rate percentage or percentage of CPI to utilize, based on the "sum of inflation %" calculation for the three-year, or longer, period prior to budget year that would be affected by COLA, to offset a <u>portion</u> of the effects of inflation on retirees.
- 11. The base guideline is 50% CPI COLA or 50% of inflation for the period via a flat-rate with a maximum flat-rate COLA of 3%. Therefore, the range of COLAS will be from 0% to a maximum of 3.00% for a flat-rate adjustment and 0% to a maximum of a 50% CPI COLA. Both will utilize CPI-U inflation determined under this Policy in conjunction with information and reporting from TCDRS.
 - a. If the calculated flat-rate average inflation contains a two digit decimal less than .75, the flat-rate will be rounded down to the next lower whole percentage. If the calculated flat-rate average inflation contains a two digit decimal greater than .75, the flat-rate will be rounded up to the next higher whole percentage. TCDRS only allows whole percentage increments.
 - b. To grant up to 3.00% flat-rate or up to 50% CPI COLA, the District's line item for "Retirement, Unfunded Liability & Retiree COLA Funding" must have averaged at least \$275,000 for the three budget years immediately prior to the year the COLA is granted.
 - c. If the budget average is less than \$275,000, the flat-rate or CPI COLA percentage must be factored to the actual average, divided by \$275,000.
- 12. During the annual budget process for next year's budget, typically April June, the chief appraiser will seek authority to remit a lump-sum payment to TCDRS from the current budget to minimize the effect of future COLAS on the District's retirement account with TCDRS. The remittance of current funds, while planning for next year's budget, is considered an intregal part of the process to ensure proper management of future TCDRS funding levels and COLA management. The lump-sum payment will be made to

TCDRS in the 4th quarter of the current year, and will be taken from the current year budget line item titled "Retirement, Unfunded Liability & Retiree COLA Funding" and/or from Designated Fund Reserves for "TCDRS Pension 2.50% of Actuarial Liability".

- a. Funds in the current budget to offset the effects of a COLA on UAAL that are not contributed to TCDRS will be designated to the District's Designated Reserves, below the line, specifically for TCDRS Retiree COLA Prepay.
- 13. In the 4th quarter of the year immediately preceding the year for which a COLA is effective, the chief appraiser will update the required TCDRS plan revision documents and submit the required documents to the Board of Directors in a public session. Once approved by the Board, the chief appraiser will submit the documents to TCDRS in a timely manner.

QUALIFIED REPLACEMENT BENEFIT ARRANGEMENT

- 14. Section 113.1 of the Administrative Code for the Texas County and District Retirement System establishes a qualified governmental excess benefit program in accordance with Section 415(m) of the Internal Revenue Code and as authorized under Section 845.504, Government Code. The program, entitled as the "Texas County and District Retirement System Qualified Replacement Benefit Arrangement", is maintained solely for the purpose of providing for the payment of that portion of the annual retirement benefits that had been accrued by and would otherwise be payable with respect to a member of the Texas County and District Retirement System but for the limitation on the payment of benefits under Section 415(b) of the Internal Revenue Code of 1986, as amended.
- 15. The establishment of a Replacement Benefit Arrangement for any current or future retirees must be cost neutral to the District regarding a retiree's benefit payment, by reducing the employer's annual contribution to TCDRS by the amount paid to the retiree under the 415 Benefit Arrangement.
- 16. Administrative fees charged by TCDRS to the District, if any, must be necessary to maintain the arrangement and reasonable regarding their cost relative to the services provided.
- 17. The 415 Benefit Arrangement must fully comply with the appropriate provisions of the Internal Revenue Service and TCDRS.

18. The 415 Benefit Arrangement must be reviewed by the Board of Directors annually, during the 4th quarter, to determine whether to continue or terminate the Arrangement for the next calendar year.

PROHIBITED ACTIONS

- 19. The granting of a flat-rate or % of CPI COLA unless all "Performance Guidelines" are met.
- 20. The granting of a flat-rate COLA that exceeds 3.00%.
- 21. The granting of a CPI COLA that exceeds 50% CPI COLA.
- 22. The granting of a Flat-rate or % of CPI retiree COLA when current budget funds and/or designated reserve funds are not available to contribute to offset the cost of granting the COLA.
- 23. Paying for medical coverage, reimbursing medical premiums or medical expenses to retirees.
- 24. The adoption of a 415 Replacement Benefit Arrangement that is not neutral to the District, when balanced against the reduction of contributions made to TCDRS for the affected retirees.
- 25. Under no circumstance will the District or Board adopt a policy that grants an "automatic" or "guaranteed repeating" retiree COLA, as defined under GASB 68.
 - GASB 68 guidelines for determining if a district is a repeating COLA district.
 - i. More often than once in three years. OR
 - ii. Two of four years. OR

<u>Flat-rate:</u> The calculated rate for the 4 year period was 4.41%, which is multiplied times 50% inflation offset baseline, equals 2.20%. 7.39% investment return divided by 7.50% target is 98.5%. The 2.20% inflation offset, times 98.5% investment return compared to investment target, equals 2.17%. Since TCDRS only allows flat-rate adjustments based on whole percentage amounts, the flat-rate would be 2.00%.

Factoring down from the adopted baseline of 50% of inflation for CPI COLA:

<u>CPI-U:</u> 4.41% inflation for the 4 year period. 7.39% investment return divided by 7.50% target is 98.5%. The baseline CPI COLA of 50% times 98.50% = 49.25% CPI COLA calculation. Since TCDRS only allows increments of 10% in their sliding scale of CPI COLAS, the 49.25% would round to equal the baseline of 50% CPI COLA.

The 9.78% investment return is greater than the target investment rate, therefore the 3.00% would not be factored down.

<u>CPI-U:</u> 7.50% inflation for the 4 year period. The 9.78% investment return is above the target of 7.50%, therefore the baseline CPI COLA of 50% would not be factored down.

G.5. Report on Sick Pay for employees.

May 22, 2025

Collin Central Appraisal District

May 22, 2025

TO: Board of Directors

FROM: Brian Swanson, Deputy Chief of Business Operations and Compliance

RE: Report on Sick Pay for employees

During the regular board meeting on April 24, 2025, your audit firm Vail & Park P.C. brought the 2024 financial audit for your review. The auditors made mention of the sick pay accrual and how it must now be accounted for to meet GASB standards. We want to bring forward information about the sick pay accrual process, and the sick pay payments to employees for unused time.

After many discussions with the auditors during the audit process, the sick pay garnered quite a bit of attention and required a significant amount of research on the part of Ms. Glass and Ms. Bryan to provide enough information to the auditors so they could better understand our policy.

Below is the excerpt from the Collin Central Appraisal District (CCAD) Employee Handbook page 19:

Sick Leave (Full-time Employees). Full-time employees earn ten (10) days of sick leave per year at the same rate as vacation with one to five years of service. Sick leave may be used after 90 days of employment, and its purpose is to allow the employee to take time away from work to recover from an illness, surgery, or other medical procedure. Sick leave shall not be used for vacation days or personal time off and abuse of the sick leave policy may result in disciplinary action up to and including termination. Sick leave will accrue bi-weekly, at the end of each pay period.

Sick leave may be taken in any increment at or above one-half hour. The District may require medical verification, of its choosing, before making payment for sick leave. Failure to provide acceptable documentation will result in the time being docked from salary. An employee who becomes ill, is injured, or requires a medical procedure while on vacation, may advise their manager to change their time off from vacation to sick leave or a combination of vacation and sick leave. Employees shall not be paid for accumulated sick leave upon separation. At the present time, District employees that are full-time employees on November 30th may receive payment in December for one half of the current year's accumulated but unused sick leave. The "current year" calendar for this calculation is December 1st through November 30th. The one-half calculation is based on the employee's accumulated but unused sick leave as of November 30th. The remaining sick leave not cashed out may be accumulated with no limit.

(The sick leave benefits and payment for unused and accrued may be terminated by the Board of Directors at their discretion.)

A few key points need to be mentioned and further clarified as to sick leave and how it is used by employees:

- 1. There is no increase in allotted sick leave regardless of years of service. Unlike vacation hours, sick leave does not increase over time. It is the same annual ten (10) days for every employee.
- 2. Sick leave is accrued bi-weekly the same as vacation hours. It is not awarded at the beginning of the year.
- 3. Sick leave is not paid out upon any separation of employment.
- 4. The Board of Directors has the right to modify this benefit at any time.

The most important part of this benefit is what we will turn our focus to, and what the auditors focused on the most during their review. If an employee has been with CCAD for the time period between December 1st of a prior year and November 30th of the current year, they are eligible to be paid for one-half of their accrued sick leave in the form of a "sick leave buy-back". A paper check separate from the normal payroll deposit is issued to the employee during the month of December, typically by the second week. This means that the employee is paid back for half of their accrued sick leave up to a potential five (5) days, or forty (40) hours. If an employee has used part of their sick leave during the year, that time is deducted from the total accrued sick leave, and the check is issued at a lower amount. The remaining sick leave is rolled over into the next calendar year. The process repeats each year, and the roll over is unlimited as noted in the excerpt from the Handbook.
